

## **CALL FOR PRESENTATIONS: 2024 Trees Florida Conference Speakers**

The Florida Chapter of the International Society of Arboriculture (Chapter) proudly announces the 2024 Trees Florida Conference and invites potential speakers to be part of this esteemed event. We encourage all to contribute to the Florida tree care industry's understanding of trees, their care, and their significance in the environment.

### **Event Details:**

- **Dates:** June 3-5, 2024
- **Location:** Marriott Harbor Beach Resort, Fort Lauderdale, FL

### **We are soliciting abstracts for the following sessions:**

1. **General Session:** Share your knowledge, research findings, or innovative solutions on a broad range of arboriculture and urban forestry topics.
2. **Breakout Session:** Two-hour topic centric session. Could include an introduction to a new, or review of an existing topic.
3. **Student Session:** A dedicated platform for students to present their research, projects, and fresh perspectives on current issues.

### **Benefits to Speakers:**

- Complimentary conference registration.
- Reimbursement of reasonable travel expenses.
- For those traveling from outside Florida, an honorarium request may be submitted for consideration.

### **Important Dates:**

- **Proposal Deadline:** February 15, 2024
- **Notification of Initial Acceptance:** March 15, 2024

Submit your innovative ideas, research findings, and impactful case studies. Your knowledge and expertise could inspire attendees, pave the way for future arboricultural practices, and shape the future of our urban forests.

Be a voice in the community! Let's work together to advance the science and practice of arboriculture in Florida and beyond.

For guidelines on abstract submission and other inquiries, please visit [website link] or contact [contact details].

Join us in Fort Lauderdale and be part of this enriching experience. Together, let's foster a greener tomorrow!
